

At The Orchards we have four adults responsible for Child Protection. Whilst all staff are vigilant, and you can pass concerns to any member of staff, these concerns will always be referred to:

- Mrs Carrier - Designated Safeguarding Lead**
- Mr O'Neill – Deputy Safeguarding Lead**
- Miss Byrne - Deputy Designated Safeguarding Lead**
- Miss Gauntlett (Pre-Academy) – Deputy Safeguarding Lead**
- Mrs Palmer – Deputy Safeguarding Lead**

We are continuing to work with your children on E-Safety and the advantages and dangers of using the internet and social media.

Last half term, all children had an E-Safety workshop with the people from Splats Entertainment, which culminated in a joint performance at the end of the day.

This half term's safeguarding update is a chance for the children to think more about how they use the internet and how they can stay safe. If your child completes the crossword on the reverse of this letter and brings it back in to school, they will win points for their house team!

**The Internet has some great advantages**

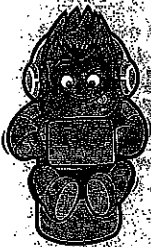

The Internet is part of our everyday lives at home and at school making it possible for us to do amazing and fun things.

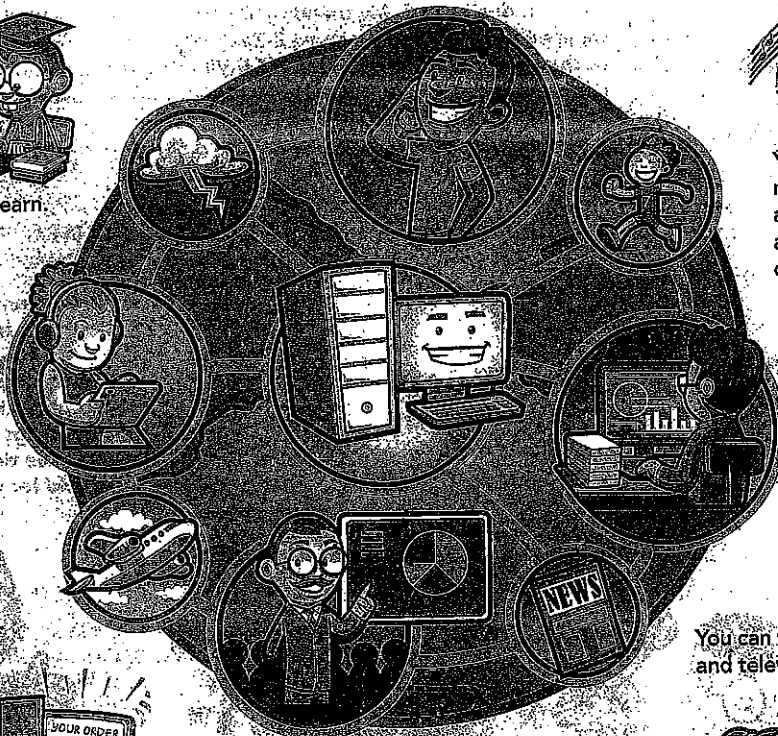

You can learn.

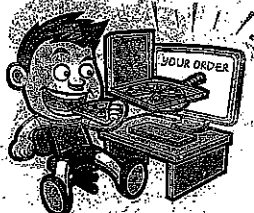

You can listen to music. You can also 'download' and store music onto your device.

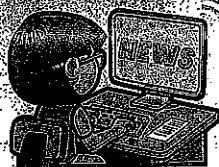

You can play games with other people from around the world.

You can watch films, video and television programmes.

You can buy and order things. This is called 'online shopping'.

You can look at websites for information. This is called 'browsing'.

You can chat with people, share pictures and messages. This is 'social media'.

# Internet Crossword

Look at the questions below and unscramble the letters to find the answers. Write the answers into the Crossword grid opposite. The first ones have been done for you. Good luck!

If you are not sure of the answer, simply move on and revisit once a few clues have been completed. **That's all part of the fun!**
