12th February 2021

Dear Parents and Carers,

I wanted to share some useful information regarding keeping your children safe online. As we are all too aware, with the current circumstances as they are, children are spending an increasing amount of time on IT equipment in order to continue their learning at home.

We have been made aware of a new app for parents that helps safeguard their children from online risks like cyber bullying and sexting, whilst always respecting the child's right to privacy. The app is called SafeToNet and is available for free for life for families of the UK.

The code provided via the link below is valid until the 30th April 2021 and should be activated before the 30th May 2021:

<https://register.safetonet.com/covid>

Have a restful half term; we hope to be able to get things back to normal as soon as possible after the half term break!

Stay safe,

Mrs Carrier
Head Teacher
