

It is important to remember that we all have different worries and feelings about coming back to school. We are sure that within a few days, you will feel as though you have never been away!

We are really looking forward to having you back and seeing everyone together!

Returning to school after lockdown

We know that many of you will be feeling mixed emotions about returning to school on 8th March. You may be feeling excited, happy, nervous or worried; all of these feelings are normal and they are ok.

There are lots of things that will be a little different when we return to school. You might notice that we:

- Have different start and finish times to your friends or siblings in other classes
- Are reminded to wash our hands regularly
- Have our own equipment rather than sharing class resources
- Have tables that are not set out in groups
- Have play and lunchtimes that are different to other classes
- Have no assemblies
- Have no whole-school dinner time
- Eat our lunch in our classrooms

However you feel about these changes, it is OK. You may share the same feelings as your friends and siblings or you may feel differently. Again, that is OK.

Here are some photographs of what school will look like when you return:

Equipment on shelves

In year 2 upwards, our tables will be laid out in rows so that we can sit side by side
